Mappings

"Same" resources with multiple URIs

<apples> owl:sameAs <oranges>

Mapping relation types in SKOS

- = skos:exactMatch
- ≈ skos:closeMatch
- ~ skos:relatedMatch
- > skos:broadMatch
- < skos:narrowMatch</pre>

Mapping metadata

- Concordance (e.g. VIAF-Wikidata)
- Provenance (creator, date...)
- Matching method, determinacy...

Mapping metadata

- Concordance (e.g. VIAF-Wikidata)
- Provenance (creator, date...)
- Matching method, determinacy...

Implementation

- RDF Reification SRSLY!?
- JSKOS data format (mostly SKOS in JSON-LD)

Mapping management

Collection of concordances

- 382,982 mappings DDC/RVK/GND/BK/...
- 142,502 mappings RVK ightarrow DDC/GND/BK
- 3,6 M mappings Wikidata \rightarrow ...

CCO via API & download — please use the data!

https://coli-conc.gbv.de/concordances/

Mapping management

Cocoda web application

- browse classifications, thesauri, and authority files
- inspect and create mappings

Open Source (MIT), JavaScript (Vue) — try out, give feedback!
